Gaillard Hydroaeroplane Made 90 Per

David McCullach of Wanamaker Aerial Patrol School Says It is the Fastest Machine He Has Ever Driven—Several Flights Made Over Thames—First Time Machine Has Gone Into the Air.

The Gaillard hydro-aeroplane built for the United States navy by the Gaillard Engineering Company of this city, as its first flight on Monday afternoon, was a most successful one. The machine which has been built for the navy has several original features which make it of special value for navy use. The hydro-aeroplane is equipped with one four-bladed propeller and two 150 h. p. engines. It weighs about three thousand pounds and is very strongly built. The trial flight on Monday proved highly successful. Pilot McCullach is an expert flyer and made excellent landings.

The machine was taken down the Thames and the flights were made over the river. The engine worked perfectly from the start and the hydro-aeroplane made fully ninety miles an hour. Pilot McCullach says it is the fastest hydro-aeroplane he has ever driven and he was much pleased with it. TO STOP WORK AT SHAY'S FACTORY Groton Health Officer Issues Order in Regard to Fertilizer Plant.

Dr. A. M. Purdy, health officer of the town of Groton served notice on the C. M. Shay Fertilizer Co. at the plant located in a public nuisance, manufacture of fertilizers and other products of its plant. The order is the result of numerous complaints which have come to the health officer about the offensive odors that emanate from the plant.

The health officer visited the plant Saturday and served notice in writing. In the absence of C. M. Shay, president of the plant, the notice was served on the bookkeeper. The notice follows: To the C. M. Shay Fertilizer Co., Groton, Conn.

You are hereby notified that the manufacture of fertilizers from refuse and other matter as carried on by you at your works in the town of Groton has been found to be a public nuisance, detrimental to public health, and you are hereby notified to forthwith cease the manufacture of fertilizers or other products at your said works in Groton.

A. M. PURDY, Town Health Officer of Groton. The plant was notified of the fact. He stated that Mr. Shay was out of town and was not expected back until tonight or Tuesday morning and that probably no one else had authority to discontinue operating the plant.

PARALYSIS CASES ARE DOING WELL Dorothy Goldstein Takes Nourishment at Lawrence Hospital.

Infantile paralysis patients at Memorial hospital, New London are reported to be doing well. Dorothy Goldstein is probably the most seriously ill. Her left side is paralyzed. Despite this fact she is taking solid food. Her temperature is maintained at 98.6.

A slight rise in the temperature of the Dorech baby is noted. Its temperature is 101.4. Her three other members of the family are getting along as well as can be expected.

Reuben Cohen has a temperature of 101.4 and is reported as progressing well. He is the only patient of the New London steamer and trains from New York during the past two days has had a fever. He is probably the most seriously ill. It is estimated that about 100 children were examined on Saturday night and Sunday by the health officer and his assistants, but not a case was discovered.

Sunday and Monday many of the children who have come into New London during the past week were examined.

Carman D'Asio, the little Italian boy who was taken off a train from New York last Wednesday night and who has been under observation at the contagious ward of Memorial hospital as a suspect, was allowed to proceed to Danbury.

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain milled coconut oil, for this is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few cents will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Dr. John A. King. Rev. J. H. Hemeny Danforth, pastor of the First Church of Christ, officiated at the funeral services of Dr. John A. King of Pleasant Beach, well known in Norwich and vicinity at 4 o'clock Sunday afternoon.

The deceased was a well known and highly respected resident of Pleasant Beach and a large number of friends were present at the services. Burial was at the Yantic cemetery.

Interment will be at Palmer, Mass. of the funeral arrangements in this city.

Miss Clara M. Palmer. The funeral of Miss Clara M. Palmer, who died in Hartford recently, was held from the home of her parents, Mr. and Mrs. Hollis H. Palmer with many relatives and friends in attendance. The casket was surrounded with beautiful flowers.

Rev. J. H. Hemeny Danforth, pastor of the First Church of Christ, officiated and the choir of the church sang Abide with Me. The Christian's Good Night was rendered by Kellogg Hill. The benediction was given by Charles Davis, Wallace Palmer and Ernest Kennedy. Burial was in the Palmer cemetery where Rev. Mr. Keneston officiated and a committal service. Undertakers Church and Allen were in charge of the funeral arrangements.

Lack of fresh air is the main weakness the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the actual work of the vital organs is hindered thereby. The best action becomes weak, work is an effort and the beauty of the figure is destroyed.

Pat put on by indolence life is unhealthy and the body is weakened. It is a serious case of obesity. What you feel that you are getting too stout, take the matter in hand at once. You want your body to be healthy and your health to be maintained. Spend as much time as you possibly can in the open air. Breathe deeply, and get from sea or ocean or any drug store a box of oil of korean capsules. Take one after each meal and one before retiring at night.

Weight fourteen every few days and help you to feel that you are getting down to normal. Oil of korean is absolutely harmless, is pleasant to take, helps you to sleep, and even a few days' treatment has been reported to show a noticeable reduction in weight.

NORWICH BUSINESS COLLEGE 99 Main Street

Any business school may be able to teach shorthand and typewriting, or bookkeeping, if given time enough, but the best schools are those who reach the highest efficiency in the least possible time.

Under new management the NORWICH BUSINESS COLLEGE has secured instructors who have had many years experience in training students for high grade positions, and better still have saved much time and expense to the students by giving them the COMBINED COURSE OF BOOK-KEEPING, SHORTHAND and TYPE-WRITING in about the same time many schools require for shorthand and typewriting, or bookkeeping alone.

When a student requires over six months for a course in bookkeeping, there is something wrong with either the student or instructors, and we are going to prove this statement from now on.

Send your name and address on a postal card and we will explain in a personal letter how we save both time and money in preparing for a good paying position.
